**Carolyn Bonistalli**

to redistrictingcommittee

Dear Committee Members,

I am writing to express my concern over possible map redistricting. I have lived in the 3rd district for the better part of 50 years. The district is diverse, including parts of the city and the suburbs, and has a shape and feel that is representative of the area. I ask that you keep the district the same as it has been in the past without major changes.

Thank you for your consideration,  
Carolyn Bonistalli
